

Name: _____

Scavenger Hunt – Gilgal Gardens

TREASURE #1:

Directions: Locate a rock or sculpture within the gardens.

What colors do you see?	
What patterns do you notice? (Layers, dots, speckled, plain...)	
Is it shiny, dull, or sparkly?	
What does it feel like?	
Does it look old?	
Hypothesize what erosion or weathering processes have affected this rock; for example: water, ice, wind, plants, etc., and say why you think so.	
Hypothesize what this rock will look like in 100 years (say why you think so).	
Where do you think this rock came from before it was here? (Doesn't matter if you're right or wrong, HYPOTHESIZE and provide evidence)	

Sketch the treasure. Provide detail:

Scavenger Hunt – Gilgal Gardens

TREASURE #2:

Directions: Locate a different rock or sculpture within the gardens.

What colors do you see?	
What patterns do you notice? (Layers, dots, speckled, plain...)	
Is it shiny, dull, or sparkly?	
What does it feel like?	
Does it look old?	
Hypothesize what erosion or weathering processes have affected this rock; for example: water, ice, wind, plants, etc., and say why you think so.
